

SILENT PARTNER

A plain statement of facts to BUSINESS EXECUTIVES

YOU recognize the value of fresh air, good light and comfortable working conditions as definite aids to increased efficiency and output.

To secure the best in quantity and quality you need quiet in your office as much as you need fresh air and good light.

Eminent scientists have demonstrated that NOISE, especially that of mechanical creation, is directly responsible for nervous fatigue, errors and loss of both mental and physical power.

The din of typewriters is the major part of irritating, mechanical noise in the average office. It is constantly intruding its unwelcome voice into your thoughts.

*Noise is as unnecessary
as it is unwelcome!*

Typewriter noise actually costs you more, in a few years, than the installation of Noiseless Typewriters. Aside from its effect on the nerves and its interruptions of thought, consider the time that it wastes.

How often in a single day are your operators requested to "cease firing" so that a phone call may be heard or an important conference held?

With The Noiseless there is no need to place your stenographers in a distant part of the office with loss of time coming and going to take dictation. They can write speedily nearby. They will not disturb.

The Noiseless not only brings you quiet, but it represents improvements in every phase of typewriter service. It is the fastest stock typewriter made. It has the lightest, most elastic touch of any typewriter. It can be operated with the least fatigue.

It produces neat, even and accurately aligned work. The elimination of the hammer blow method of writing reduces wear and tear on the machine. There is less time lost due to repairs. The metal platen never requires replacement.

The Noiseless is an actual producer—"your silent partner" in many ways. It pays for itself—and it does it without shouting or noise.

A definite offer!

We will gladly bring The Noiseless to your office for a trial demonstration. There will be no obligation on your part whatever. We only ask the opportunity to show you what it can do, and how quietly and pleasingly it does it. Call, write or phone.

THE NOISELESS TYPEWRITER COMPANY, 253 Broadway, New York City
Telephones: Barclay 8205, 4166, 9621. Works: Middletown, Conn.

The NOISELESS
PORTABLE
"Your Junior Partner"

Before you buy a Portable Typewriter—consider The Noiseless Portable. We can't promise that you will hear much—but you will SEE a beautiful, convenient typewriter that combines quiet with the speed, beauty of work, durability and economy that only The Noiseless can give.

The Noiseless Portable is the only portable typewriter in the world that can be used anywhere at any time without disturbing anybody.

Descriptive circular mailed on request.
